

Happy Prospecting!

Kenai Chapter

WWW.GPAAKENAICHAPTER.COM

It sure feels weird to write or type 2008, what happened to 2007.

January 2008 Newsletter

The January meeting was once again an open discussion and sharing meeting. We had some new folks in attendance and hope they will continue to join us. I handed out 2 new applications and accepted 1 renewal application at this meeting.

The officers will meet next week to hopefully finalize paperwork for the Crescent Creek mining site for the club. Joe announced he had been speaking with the Fisher Metal Detector folks and they might possibly be interested in having a representative at a gold show if we are able to have one.

Joe asked that if anyone knows of a scraped or unused TD6 dozer that he might be able to buy track parts off of, please let him know.

A & B Prospecting Supplies was mentioned as another outlet to purchase mining supplies and equipment. You can check them out at <http://www.abprospecting.com>

Roy Smith is now set up here locally to process black sand. You can reach him at 283-9192 for more information.

Since most miners carry some form of bear protection with them when they are out mining, I shared the following: For my husband for Christmas I found a gentleman here locally that does beautiful leather work and had him make Don a holster and belt. Dan Segor is his name and he builds the holster to fit your particular weapon. If anyone is interested he can be reached at 260-6705 or 252-6027. I have attached a picture of the holster I had made for Don as an example of the beautiful work Dan Segor does.

**Have a great 2008 season
and I hope you find lots of
these!**

RAFFLE: We do currently have a 1/2 ounce of gold up to be raffled off. We need to sell at least 45 tickets to raffle this off.

We look forward to seeing you all at the February 7th meeting!

Financial Report

Current balance \$256.13 as of the January 3rd meeting.

We are still looking for items we can use to hold a Chinese Auction to make money for the club, so we can hold more activities.
